Charles Young
Opflow - DevOP **Meeting Minutes**
Tuesday, February 9, 2021

Attendees: James Setliff
              Courtney Hill
              Christopher Lebovitz
              Kacheef White
              Charles Young

Items Discussed and Decisions Made:
- Weekly "Stand-up"
    - Chris: Worked on the front-end development of the application. He will continue to work with Courtney to develop the application layout.
    - Courtney: Worked on the add function of the application to go on the plus button. She is using W3 school to help her with this. She will continue to work on this.
    - James: Played around with socket io. Continued to research best way to develop the integration between front end and backend.
    - Kacheef: Built 3 tables for the database. He will start to develop queries to retrieve information from the database so that it can be sent to the application.
    - Charles: learning node.js so that he can be helpful on the team.

Action Items:
- Create Task table for the database.

Note: For our purposes, each student is to post the meeting minutes to their personal repository.
