Charles Young
Opflow - DevOP **Meeting Minutes**
Tuesday, February 2, 2021

Attendees: James Setliff
              Courtney Hill
              Christopher Lebovitz
              Kacheef White
              Charles Young

Items Discussed and Decisions Made:
- Weekly "Stand-up"
  - Chris: Created base layout for the application front end development complete. He will be focusing of the chat layout for our application.
  - Courtney: Worked with Chris to complete the base layout. She is currently working on dynamically adding columns to our application.
  - James: Working on chat client/server and how to communicate with each other. He will be working on adding fields/records for database using MySQL workbench.
  - Kacheef: Working on Nodejs/DB integration. Taking Training on YouTube to learn this integration. Focusing on building out the database
  - Charles: Introduced myself. I will be focusing on the server side Node.js.

Action Items:
- Populate database fields (!Important!)
- Prep requirements for next meeting
- Get Master branch populated with a baseline

Note: For our purposes, each student is to post the meeting minutes to their personal repository.
